

READ ACTIVATION INSTRUCTIONS BELOW BEFORE CONNECTING THE DIGITAL ADAPTER TO YOUR TV SET

This kit contains one Digital Adapter (DTA). This DTA will enable you to view all Limited Basic and Value Service channels in crystal clear digital format with improved picture quality and sound. Before connecting your DTA, please carefully read both the activation steps below and the enclosed manufacturer instructions guide.

PLEASE FOLLOW STEPS 1-5 TO ACTIVATE THE ENCLOSED DTA

1. Plug in and set up the DTA according to steps 1-3 in the enclosed manufacturer instructions guide.
2. Tune your TV to channel 4 to begin the activation process. You should also confirm that the switch on the back of the DTA is also set to channel 4.
3. The DTA will automatically begin to activate. While activating, it will continue to blink three times in a row. This process will take approximately 5 minutes.
4. Once the DTA starts to blink 2 times in a row, you must call our automated activation line (**888-396-7255**) and follow the instructions/prompts to complete the activation. *NOTE: Do not call this number for customer support.*
5. Complete steps 4-7 in your enclosed manufacturer instructions guide.

If you experience any difficulty, please repeat steps 1-5 above. If you have further questions or concerns, please call **Atlantic Broadband Customer Service at 888-536-9600**.
